PART IV.

“WATER CLAUSES CONSOLIDATION ACT, 1897.”

1. This is to certify that the “Victoria Power Company, Limited,” specially incorporated pursuant to Part IV. of the “Water Clauses Consolidation Act, 1897,” on the 17th day of July, A.D. 1897, for the purpose of exercising the rights, powers, privileges and priorities in and by Part IV. of the said Act created, granted and conferred, has submitted its undertaking to the Lieutenant-Governor in Council for approval, and that the said undertaking, as shown by the documents and plans filed, has been approved, and that the same is as follows :—

Seven thousand (7,000) miner's inches of water are to be taken from Shawnigan Lake, Vancouver Island, the waters of Shawnigan Lake being augmented as part of the undertaking, hereby approved, by the withdrawal of five thousand (5,000) of miner's inches of water from the Koksilah River, and the emptying of the same into Shawnigan Lake. The water to be so diverted from the Koksilah River and emptied into Shawnigan Lake shall be so diverted from the Koksilah River at a point about three and one-half miles up stream from the West Arm of Shawnigan Lake, by means of the erection of a dam near the mouth of Granite Creek, and such water is to be conveyed by the means of a flume and ditch into Shawnigan Lake, as approximately shown on the plan filed. To ensure a flow of water whereby the said five thousand (5,000) inches of water may be withdrawn from the Koksilah River at all seasons of the year, conservation works to that end are approved, to be made and effected throughout the watershed on the upper branches and reaches of the Koksilah River, or any of the small lakes therein, and, in so doing, construct storage reservoirs and the utilisation of the said lakes as reservoirs, or by the erection of dams, control gates and devices and by such other means as may be necessary to

accomplish the said purpose. A small weir is to be placed across the outlet of Shawnigan Lake for the purpose of regulating the flow of water from the lake, and conserving the said waters for the dry season. The said seven thousand (7,000) inches of water to be so withdrawn from Shawnigan Lake will be conveyed by pipes to Mill Bay, on Saanich Inlet, to the powerhouse, which will be situate at Mill Bay, on tide-water, to be there utilised in the generation of electric power, heat and light, or such other use to which it may be placed. The available head or difference in level between the point of diversion of said water at Shawnigan Lake and the point of return thereof, being at the point where the creek from Shawnigan Lake empties into the said Mill Bay, is three hundred and seventy-five (375) feet. The said seven thousand (7,000) miner's inches of water to be obtained as hereinbefore stated, and to be diverted as has also been hereinbefore stated, stand already recorded in favour of the Company by the Commissioner, which record is hereby approved.

The water-power will be utilised to supply power chiefly to the British Columbia Electric Railway Company, Limited, which operates the street railway system of Victoria, Esquimalt and Oak Bay, also supplies Victoria, Esquimalt and Oak Bay with lighting, and all necessary extensions to this system. It is also proposed to furnish power to the said City, Esquimalt and Oak Bay and adjoining districts for manufacturing and industrial purposes. The power will be developed by means of water wheels and converted into electrical energy, and transmitted by copper or other wires upon poles to the City of Victoria and other points where it is to be used.

2. And this is further to certify that the Company propose to commence their undertaking by the construction of a dam across the Koksilah River, and by excavating and grading for the construction of the water canals, conduits and flumes for the conveyance of water to Shawnigan Lake.

3. And this is further to certify that the "Victoria Power Company, Limited," shall have duly subscribed, before it commences the construction of its undertaking and works, or exercises any of the powers in that behalf conferred by the "Water Clauses Consolidation Act, 1897," Part IV., ten thousand (10,000) shares of one dollar (\$1.00) each. The further amount of capital required to fully complete the undertaking and works to be provided by the issue of first mortgage bonds of the "Victoria Power Company, Limited," to the amount of one hundred and fifty thousand pounds sterling (£150,000), or its equivalent in decimal currency, or in any other way decided upon by the Directors of the Company.

4. And this is further to certify that the time within which the said capital, namely, ten thousand dollars (\$10,000.00), is to be subscribed is fixed at six (6) months from the date hereof, and the time within which the said undertaking and works are to be commenced is fixed at twelve (12) months from the date hereof, and the date by which all the said proposed work shall be in operation is fixed at four and one-half years from the date hereof.

Dated this 29th day of September, A.D. 1904.

Clerk of the Executive Council.

Mr. Lyttelton to Lord Minto.

PRIVY COUNCIL, CANADA.

From the Secretary of State for Colonies to Lord Minto.

(Cable)

LONDON, 9th August, 1904.

My telegram of February 10th rules for observance of neutrality published in *London Gazette* February 11th lay down in rule 3 to what extent coal might be supplied to belligerent warships in British ports during the present war. It must be borne in mind that reason for practice of admitting belligerent ships of war into neutral ports arises out of exigencies of life at sea and the hospitality which it is customary to extend to vessels of friendly powers and that this principle

does not extend to enabling such vessel to utilise neutral port directly for the purpose of hostile operations. H. M. G. have decided that rule above mentioned is not to be understood as having any application to case of belligerent fleet proceeding either to the seat of war or to any position or positions on the line of route with the object of intercepting neutral ships on suspicion of carrying contraband of war. Such fleet cannot be permitted to make use in any way of any British ports for the purpose of coaling either directly from the shore or from colliers accompanying fleet whether vessels of the fleet present themselves at the port at the same time or successively. H. M. G. further direct that the same practice be pursued with reference to single belligerent ships of war if it is clear that they are proceeding for the purpose of belligerent operations as above defined. This is not to be applied to the case of a vessel putting in on account of actual distress at sea.

AT THE COURT AT BUCKINGHAM PALACE.

The 10th day of August, 1904.

PRESENT:

THE KING'S MOST EXCELLENT MAJESTY
IN COUNCIL.

WHEREAS by an Order in Council dated the 5th day of May, 1873, after reciting that by "The Merchant Shipping Act Amendment Act, 1862," it was enacted that whenever it was made to appear to Her late Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act had been adopted by the Government of any foreign country and were in force in that country, it should be lawful for Her Majesty by Order in Council to direct that the ships of such foreign country should be deemed to be of the tonnage denoted in their certificates of registry or other national papers, and thereupon it should no longer be necessary for such ships to be remeasured in any port or place in Her Majesty's Dominions, but such ships should be deemed to be of the tonnage denoted in the certificates of registry or other papers in the same manner, to the same extent and for the same purposes in, to, and for which the tonnage denoted in the certificates of registry of British ships was to be deemed the tonnage of such ships, and reciting that it had been made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships then in force under "The

Merchant Shipping Act, 1854," had been adopted by the President of the French Republic, and were in force in the French Dominions: Her Majesty was thereby pleased, by and with the advice of Her Privy Council to direct that the ships of France, the certificates of French nationality, and registry of which were dated on or after the first day of June, 1873, should be deemed to be of the tonnage denoted in the said certificates of French nationality and registry:

And whereas The Merchant Shipping Act Amendment Act, 1862, was repealed by "The Merchant Shipping Act, 1894," but by section 745 of the latter Act it is, amongst other things, provided that any Order in Council made under any enactment thereby repealed should continue in force as if it had been made under the said Act of 1894.

And whereas by another Order in Council dated the 29th day of January, 1904, after reciting that by section 84 (3) of "The Merchant Shipping Act, 1894," it was enacted that if it was made to appear to Her late Majesty that the tonnage of any foreign ship, as measured by the rules of the country to which she belonged, materially differed from that which would be her tonnage if measured under that Act, Her Majesty in Council might order that, notwithstanding any Order in Council for the time being in force, any of the ships of that country might be remeasured in accordance with that Act, and reciting that it had been made to appear to His present Majesty that the tonnage of French ships, as measured by the rules concerning the measurement of tonnage of merchant ships of France, materially differed from that which would be the tonnage of such ships if measured under "The Merchant Shipping Act, 1894," His Majesty in Council ordered that notwithstanding the hereinbefore recited Order in Council dated the 5th day of May, 1873, any of the ships of France might, for all or any of the purposes of "The Merchant Shipping Act, 1894," be remeasured in accordance with the said Act:

And whereas by section 738 of the same Act it is provided that where Her late Majesty had power under that Act to make an Order in Council, Her Majesty might by Order in Council revoke, alter or add to any Order so made:

And whereas by section 30 of the Interpretation Act, 1889, it is enacted that in that Act and in every other Act, whether passed before or after the commencement of that Act, references to the Sovereign reigning at the time of the passing of the Act or to the Crown shall, unless the contrary intention appears, be construed as references to the Sovereign for the time being and that Act shall be binding on the Crown:

And whereas it has been made to appear desirable to His present Majesty that the provisions of the said recited Orders in Council, dated respectively the 5th of May, 1873, and the 29th day of January, 1904, should be revoked and a new Order in Council made and substituted in lieu thereof:

Now, therefore, His Majesty, in virtue of the powers vested in Him by the said recited Acts, and by and with the advice of His Privy Council, is pleased to direct that the said recited Orders, dated respectively the 5th day of May, 1873, and the 29th day of January, 1904, shall be and the same are hereby revoked.

A. W. FITZROY.

AT THE COURT AT BUCKINGHAM PALACE,

The 10th day of August, 1904.

PRESENT:

THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS it is enacted by section 84 (1) of the "Merchant Shipping Act, 1894," that whenever it appeared to Her late Majesty the Queen in Council that the tonnage regulations of that Act had been adopted by any foreign country and were in force there, Her Majesty in Council might order that the ships of that country should without being remeasured in Her Majesty's Dominions be deemed to be of the tonnage denoted in their certificates of registry or other national papers, in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship was deemed to be the tonnage of that ship.

And whereas by section 30 of the Interpretation Act, 1889, it is enacted that in that Act and in every other Act, whether passed before or after the commencement of that Act, references to the Sovereign reigning at the time of the passing of the Act or to the

Crown, shall, unless the contrary intention appears, be construed as references to the Sovereign for the time being, and that Act shall be binding on the Crown.

And whereas it has been made to appear to His Majesty that the rules concerning the measurement of tonnage of merchant ships now in force under "The Merchant Shipping Act, 1894," have been adopted by the President of the French Republic, and are in force in the French Dominions, having come into operation on the 1st day of July, 1904.

Now, therefore, His Majesty in Council doth order that the ships of France, the certificates of registry or other national papers of which are dated on or after the 1st day of July, 1904, shall, without being remeasured in His Majesty's Dominions, be deemed to be of the tonnage denoted in such certificates of registry, or other national papers, in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

DOMINION ORDERS IN COUNCIL.

(Ref. 931,051.)

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 17th day of August, 1904.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL
IN COUNCIL.

ON a Report dated 5th August, 1904, from the Minister of the Interior, stating that by an Order in Council dated the 31st May, 1902, certain lands surrounding Coquitlam Lake in the Province of British Columbia, and fully described in that Order, were sold to the City Council of New Westminster at a nominal price, for the purpose of protecting from contamination the waters of that Lake from which the City obtains its domestic supply.

The Minister submits that the sale of this land, however, did not convey to the Corporation of the City of New Westminster the timber within the area sold, and as the disposal of the timber might defeat the purpose for which the land was sold to the Corporation, the Minister is of the opinion that the public interests would best be served by reserving this timber from sale, and he recommends accordingly.

The Committee submit the same for approval.

JOHN J. MCGEE,

Clerk of the Privy Council.

EXCERPT FROM RULES AND ORDERS RELATING TO PRIVATE BILLS.

RULE 59.

ALL APPLICATIONS for Private Bills, properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of the "British North America Act, 1867," whether for the erection of a Bridge, the making of a Railway, Tramway, Turnpike Road, or Telegraph or Telephone Line; the construction or improvement of a Harbour, Canal, Lock, Dam, Slide, or other like work; the granting of a right of Ferry; the incorporation of any particular trade or calling, or of any Joint Stock Company; or otherwise for granting to any individual or individuals any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which in its operation would affect the rights or property of other parties, or relate to any particular class of the community, or for making any amendment of a like nature to any former Act,—shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such notice to be published as follows:—

In the BRITISH COLUMBIA GAZETTE, and in one newspaper published in the District affected, or if there be no newspaper published therein, then in a newspaper in the next nearest District in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition, and copies of such notice shall be sent by the parties inserting such notice to the Clerk of the House to be filed amongst the records of the Committee on Standing Orders.

57. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit

with the Clerk of the House, eight days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, *together with the notices published.* At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House a sum of three hundred dollars. If a copy of the Bill, Petition and notices shall not have been so deposited in the hands of the Clerk of the House at least eight days before the opening of the Session, and if the Petition has not been presented within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees paid shall be returned.

60. Before any Petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is received by the House, the person or persons intending a petition for such Bill shall, upon giving the notice prescribed by rule 59, also at the same time and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a draw-bridge or not, and the dimensions of the same.

61. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills:—Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be re-cast by the promoters and re-printed at their expense before any Committee passes upon the clauses.

65. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10 $\frac{1}{2}$ inches by 7 $\frac{1}{2}$ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Two hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By new Rule 65A, passed on the 2nd April, 1901 (*see Journals, 1901, page 58*), a model form of Railway Bill is adopted.

By 65B all Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

Any exceptional provisions that it may be proposed to insert in any such Bill shall be clearly specified in the notice of application for the same.
